SUMMARY

Experienced ReactJS front-end developer with 1.5+ years, skilled in HTML, CSS, JavaScript, and third-party REST API integration. Proficient in Agile Scrum, ensuring successful project management and outcomes.

EDUCATION

GRAPHIC ERA HILL UNIVERSITY

Aug 2018 - Aug 2023

Bachelor of Technology in Computer Science - 8.4 CGPA

Technical Skills

Languages : HTML, CSS, JavaScript

Library : ReactJS, Redux, MUI

Developer Tools : VS Code, Android Studio, Git

EXPERIENCE

NINELEAPS

Jan 2022 - present

Software Developer (Aug 2022 - present)

- Continuously advancing skills in **React JS**, **JavaScript**, **Monorepo** management, and optimizing project workflows with **Jira**.
- Upheld elevated code quality standards via meticulous **code reviews**, ensuring strict adherence to **best practices** and **coding guidelines**, thereby contributing to a robust development environment.
- Effectively oversaw the complete **Software Development Life Cycle (SDLC)**, orchestrating end-to-end workflows to enhance diverse modules and processes with proficiency and precision.
- Guided cross-functional teams, cultivating **collaboration**, meeting deadlines, and upholding top-notch **code quality**.
- Earned five monthly **"Feather on the Hat"** awards and an annual **"Rising Star Award"** for exceptional commitment and performance.

Software Developer Intern (Jan 2022 - Aug 2022)

- Swiftly acquired a strong command of core web technologies, empowering me to make significant contributions to the project.
- Following **Agile principles**, successfully completed projects **12% ahead of schedule**, improving efficiency, reducing errors, and honing project management skills using tools like **Trello**.
- Successfully juggled dual responsibilities in my internship, actively contributing to a live project at Yuva Health. This experience honed my **time management** and **planning skills**.

PROJECTS

Yuva Health

Jul 2022 - present

Cross-platform web system collaborates to launch India's first Cashless OPD nationwide.

- Crafted and implemented a polished, adaptive web interface, including an admin dashboard with **tables** and **pie charts**, enhancing the application's UI/UX.
- Played a key role in feature delivery: **user story grooming**, prototyping, feasibility assessment, design, implementation, and thorough testing.
- Executed key functionalities, including seamless integration of cart and login flows.
- Collaborated with diverse platforms, seamlessly implementing their **APIs** in accordance with client requirements.

Event Finda

Jan 2022 - Aug 2022

Versatile web platform facilitating smooth event planning for various scales.

- Implemented features, integrating **Razorpay** for payments and enabling **Google OAuth** for sign-in.
- Incorporated **REST APIs** for live event updates, expanded services seamlessly with **Google Maps APIs**, and introduced **QR codes** for streamlined ticket validation.
- Performed **Unit** and **Integration testing** with **Jest** and **Enzyme**, achieving over **90% code coverage**.
- Created graphical visualizations aiding event organizers in **data tracking**.
